SGT, naturellement innovante

Spécialiste de l'emballage en PET, la Société Générale des Techniques propose, depuis plus de 40 ans, des solutions performantes pour le conditionnement des liquides.

Notre expérience élargie des matières plastiques, notamment du PET, ainsi que notre savoir faire associé à des matériels d'injection de haute technicité nous permettent de proposer une gamme de préformes monocouche PET en constante évolution. Nos productions couvrent les besoins des embouteilleurs en proposant un large choix de cols et de poids de préformes PET dans tous les coloris.

Certifiée **FSSC 22000**, la SGT répond également à toutes les exigences en matière de sécurité alimentaire et de bonnes pratiques d'hygiène.

SGT, naturally innovative

A specialist in PET packaging, for over 40 years the Société Générale des Techniques has been offering high performance solutions for packaging liquids.

Thanks to our broader experience in plastics, most notably PET, and our related expertise in high tech injection equipment, we are able to offer a constantly developing range of monolayer PET preforms. Our productions cover the needs of bottlers as they offer a wide range of PET preform necks and weights in every colour.

SGT is **FSSC 22000** certified and is able to meet all the requirements of food safety and good hygiene practices.
